82 Stat. 783.

## "LOAN GUARANTEES AND INTEREST SUBSIDIES

"SEC. 809. (a) In order to assist nonprofit private schools of nursing to carry out construction projects for training facilities, the Secretary may, during the period beginning July 1, 1971, and ending with the close of June 30, 1974, guarantee (in accordance with this section and subject to subsection (f)) to non-Federal lenders making loans to such schools for such construction projects payment when due of the principal of and interest on any loan for construction of such facilities if the loan was made to a school which is eligible (as determined under regulations of the Secretary) for a grant under this part to assist a construction project for such facilities. The Secretary may make commit-

ments, on behalf of the United States, to make such loan guarantees prior to the making of such loans. No such loan guarantee (1) may, except under such special circumstances and under such conditions as are prescribed by regulations, apply to any amount which, when added to any grant for construction under this part or any other law of the United States, exceeds 90 per centum of the cost of construction of the project, or (2) may apply to more than 90 per centum of the loss of principal of and interest on the loan.

“(b) In the case of any nonprofit private school of nursing which is eligible (as determined under regulations of the Secretary) for a grant under this part to assist a construction project for training facilities, and to whom a loan has been made by a non-Federal lender to assist it in carrying out such project, the Secretary, during the period beginning July 1, 1971, and ending with the close of June 30, 1974, may, subject to subsection (f), pay to the holder of such loan (and for and on behalf of the school which received such loan) amounts sufficient to reduce by not to exceed 3 per centum per annum the net effective interest rate otherwise payable on such loan.

Application.

“(c) A loan guarantee or interest subsidy payment may be made under this section only upon an application (submitted in such manner and containing such information as the Secretary may by regulations require) approved by the Secretary. The Secretary may not approve an application for a loan guarantee or interest subsidy payment unless he determines that the terms, conditions, security (if any), and schedule and amount of repayments with respect to the loan are sufficient to protect the financial interests of the United States and are otherwise reasonable, including a determination that the rate of interest does not exceed such per centum per annum on the principal obligation outstanding as the Secretary determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the United States. The Secretary may not approve an application for a loan guarantee, unless he determines that the loan would not be available on reasonable terms and conditions without the guarantee under this section.

Recovery right.

“(d) (1) The United States shall be entitled to recover from any school of nursing for whom a loan guarantee was made under this section the amount of any payment made pursuant to such guarantee, unless the Secretary for good cause waives such right of recovery; and, upon making any such payment, the United States shall be subrogated to all of the rights of the recipient of the payments with respect to which the guarantee was made.

“(2) To the extent permitted by paragraph (3), any terms and conditions applicable to a loan guarantee under this section may be modified by the Secretary to the extent he determines it to be consistent with the financial interest of the United States.

“(3) Any loan guarantee made by the Secretary pursuant to this section shall be incontestable in the hands of an applicant on whose behalf such guarantee is made, and as to any person who makes or contracts to make a loan to such applicant in reliance thereon, except for fraud or misrepresentation on the part of such applicant or such other person.

Fund.

“(e) There is established in the Treasury a loan guarantee and interest subsidy fund (hereinafter in this subsection referred to as the ‘fund’) which shall be available to the Secretary without fiscal year limitation, in such amounts as may be specified from time to time in appropriation Acts, (1) to enable him to discharge his responsibilities under guarantees issued by him under this section, and (2) for interest subsidy payments authorized by this section. There are authorized to be appropriated from time to time such amounts as

Appropriation.

may be necessary to provide the sums required for the fund; except that the amount appropriated for interest subsidy payments may not exceed \$1,000,000 in the fiscal year ending June 30, 1972, \$2,000,000 in the fiscal year ending June 30, 1973, and \$4,000,000 in the fiscal year ending June 30, 1974. There shall also be deposited in the fund amounts received by the Secretary or other property or assets derived by him from his operations under this section, including any money derived from the sale of assets. If at any time the sums in the fund are insufficient to enable the Secretary to discharge his responsibilities under guarantees issued by him under this section or to make interest subsidy payments authorized by this section, he is authorized to issue to the Secretary of the Treasury notes or other obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions, as may be prescribed by the Secretary with the approval of the Secretary of the Treasury, but only in such amounts as may be specified from time to time in appropriation Acts. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the notes or other obligations. The Secretary of the Treasury shall purchase any notes and other obligations issued hereunder and for that purpose he may use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, and the purposes for which the securities may be issued under that Act are extended to include any purchase of such notes and obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this subsection. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States. Sums borrowed under this subsection shall be deposited in the fund and redemption of such notes and obligations shall be made by the Secretary from the fund.

40 Stat. 288,  
506.  
31 USC 774.

“(f) (1) The cumulative total of the principal of the loans outstanding at any time with respect to which guarantees have been issued under this section may not exceed such limitations as may be specified in appropriation Acts.

Limitations.

“(2) In any fiscal year no loan guarantee may be made under subsection (a) and no agreement to make interest subsidy payments may be entered into under subsection (b) if the making of such guarantee or the entering into of such agreement would cause the cumulative total of—

“(A) the principal of the loans guaranteed under subsection (a) in such fiscal year, and

“(B) the principal of the loans for which no guarantee has been made under subsection (a) and with respect to which an agreement to make interest subsidy payments is entered into under subsection (b) in such fiscal year,

to exceed the amount of grant funds obligated under this part in such fiscal year for construction grants; except that this paragraph shall not apply if the amount of grant funds so obligated in such fiscal year equals the sums appropriated for such fiscal year under section 801.

Ante, p. 465.

“(g) The Secretary, with the consent of the Secretary of Housing and Urban Development, may obtain from the Department of Housing and Urban Development such assistance with respect to the administration of this section as will promote efficiency and economy thereof.”

78 Stat. 909,

(3) Sections 802(b) (2) (A) and 804 (42 U.S.C. 296a (b) (2) (A), 296c) are each amended by inserting "(or in the case of interim facilities, within such shorter period as the Secretary shall by regulation prescribe)" immediately after "twenty years".

(e) TECHNICAL AMENDMENTS.—

(1) Section 802(a) (42 U.S.C. 296a(a)) is amended to read as follows:

(2) Section 802 (b) (3) (B) (42 U.S.C. 296a (b)) is amended to read as follows: "(B) in the case of an application for a grant to assist in the replacement or rehabilitation of existing facilities, such application is for aid in construction which will replace or rehabilitate facilities of, or used by, an existing school of nursing, which facilities either are so obsolete as to require the school to curtail substantially either its enrollment or the quality of the training provided or are required to meet an increase in student enrollment;"

(f) ENROLLMENT INCREASE; WAIVER.—

(1) Effective in the case of grants made after the date of enactment of this Act, section 802 (b) (2) (D) (42 U.S.C. 296a (b) (2) (D)) is amended by inserting immediately before the semicolon at the end thereof the following: ", and the requirements of this clause (D) shall be in addition to the requirements of section 806 (e) of this Act, where applicable".

82 Stat. 781.

#### “CAPITATION GRANTS

“SEC. 806. (a) GRANT COMPUTATION.—The Secretary shall make annual grants to schools of nursing for the support of the education programs of such schools. The amount of the annual grant to each such school with an approved application shall be computed as follows:

“(1) Each such school shall receive—

“(A) \$250 for each full-time student enrolled in such school in such year (other than a student who will graduate from such school in such year);

“(B) \$500 for each full-time student enrolled in such school who will graduate in such year; and

“(C) \$100 for each enrollment bonus student (as determined under subsection (d)) enrolled in such school in such year; and

“(2) Each such school which has a training program for the training of nurse midwives, family health nurses, pediatric nurse practitioners, or similar nurse practitioners shall receive—

“(A) \$250 for each full-time student enrolled in such program in such year (other than a student who will complete the training provided under such program in such year); and

“(B) \$900 for each full-time student enrolled in such program who will complete the training provided under such program in such year.

“(b) **APPORTIONMENT OF APPROPRIATIONS.**—If the total of the grants to be made under subsection (a) for any fiscal year to schools with approved applications exceeds the amounts appropriated under subsection (i) for such grants, the amount of the grant for that fiscal year to each such school shall be an amount which bears the same ratio to the amount determined for the school for that fiscal year under subsection (a) as the total of the amounts appropriated under subsection (i) for that year bears to the amount required to make grants to each school in accordance with subsection (a).

“(c) **ENROLLMENT BONUS STUDENT DEFINED.**—For purposes of subsection (a), a full-time student enrolled for any school year in a school of nursing shall be considered to be an enrollment bonus student if—

“(1) he enrolled in such school as a first-year student for a school year beginning after June 30, 1971; and

“(2) the size of the class of first-year students which enrolled in such school for such school year met the applicable requirement of subsection (d) (1) (A) or (d) (2) (A), and the application of such school for a grant under this section for the fiscal year in which such school year began met the applicable requirement of subsection (d) (1) (B) or (d) (2) (B).

Any student who is considered to be an enrollment bonus student for the school year for which he enrolled as a first-year student in a school shall be considered to be an enrollment bonus student for each school year thereafter for which he is enrolled in such school (other than as a student enrolled in a training program described in subsection (a) (2)).

“(d) **CLASS SIZE AND APPLICATION REQUIREMENTS FOR GRANTS FOR BONUS ENROLLMENT STUDENTS.**—

“(1) **School year 1971-1972.**—If the school year for which a class enrolled as a class of first-year students in a school was the first school year beginning after June 30, 1971—

“(A) the number of students who enrolled in such class for such school year must exceed the number of first-year students who enrolled in such school for the preceding school year by 5 per centum of such number or by five students, whichever is greater; and

“(B) the application of such school for a grant under this section for the fiscal year ending June 30, 1972, contains or is supported by reasonable assurances that, for the first school year beginning after June 30, 1972 and for each school year

thereafter, the number of students enrolled in such school as a class of first-year students will not be less than a number equal to the sum of—

“(i) the minimum enrollment of first-year students required under subparagraph (A); and

“(ii) 5 per centum of the average of the first-year enrollment of full time students in such school for the two school years having the highest such enrollment during the five school years during the period of July 1, 1966, through June 30, 1971, or ten students, whichever is greater.

“(2) School years after school year 1971–1972.—If the school year for which a class enrolled as a class of first-year students in a school was any school year beginning after June 30, 1972—

“(A) the number of students who enrolled in such class for such school year—

“(i) if such school has not previously received a grant for bonus enrollment students, must be not less than the sum of (I) the minimum number of first-year students which such school is required pursuant to subsection (e) (or would be required pursuant to subsection (e) except for paragraph (2) thereof) to enroll for such school year, and (II) 5 per centum of that number or 5 students, whichever is greater; or

“(ii) if such school has previously qualified for a bonus enrollment grant under this section, must be not less than the sum of (I) the minimum number of students which such school was required, pursuant to paragraph (1) (B) or (2) (B) (as the case may be), to assure the Secretary would be enrolled for such school year, and (II) 5 per centum of that number or 5 students, whichever is greater; and

“(B) the application of such school for a grant under this section for the fiscal year in which such school year begins contains or is supported by reasonable assurances that, for the first school year beginning after the close of such fiscal year and for each fiscal year thereafter, the number of students enrolled in such school as a class of first year students will not be less than the minimum number of students such school was required under subparagraph (A) to enroll as first year students.

“(e) MAINTENANCE OF EFFORT AND ENROLLMENT INCREASE REQUIREMENTS.—

“(1) The Secretary shall not make a grant under this section to any school in a fiscal year beginning after June 30, 1971, unless the application for such grant contains or is supported by reasonable assurances satisfactory to the Secretary—

“(A) that for the first school year beginning after the close of the fiscal year in which such grant is made and for each school year thereafter during which such a grant is made the first-year enrollment of full-time students in such school will exceed the average of the first-year enrollment of such students in such school for the two school years having the highest such enrollment during the five school years during the period July 1, 1966, through June 30, 1971, by at least 5 per centum of such average first-year enrollment, or by ten students, whichever is greater; and

“(B) that the applicant will expend in carrying out its function as a school of nursing, during the fiscal year for

which such grant is sought, an amount of funds (other than funds for construction as determined by the Secretary) from non-Federal sources which is at least as great as the average amount of funds expended by such applicant for such purpose (excluding expenditures of a nonrecurring nature) in the 3 fiscal years immediately preceding the fiscal year for which such grant is sought.

The requirements of subparagraph (A) shall be in addition to the requirements of section 802(b)(2)(D) of this Act, where applicable.

“(2) The Secretary is authorized to waive (in whole or in part) the provisions of paragraph (1)(A) if he determines, after consultation with the National Advisory Council on Nurse Training, that the required increase in first-year enrollment of full-time students in a school cannot, because of limitations of physical facilities available to the school for training or because of other relevant factors, be accomplished without lowering the quality of training provided therein.

“(f) PLAN REQUIREMENT.—

“(1) In the case of a school which has not received a grant under subsection (a) in a fiscal year beginning after June 30, 1971, an application by such school for such a grant for a fiscal year beginning after that date may not be approved by the Secretary unless the application contains or is accompanied by a plan to carry out, or establish and carry out, during the two-school year period commencing not later than the first day of the fiscal year next following the fiscal year in which the grant is made, specific projects in at least three of the following categories of projects:

“(A) Projects to assist in—

“(i) mergers between hospital training programs or between hospital training programs and academic institutions, or

“(ii) affiliation agreements with hospitals or academic institutions;

“(E) Projects to assist in increasing the supply of adequately trained nursing personnel or to promote the full utilization of nursing skills.

“(F) Projects to effect significant improvements in the curricula of schools of nursing (including projects with a view toward the assumption of greater patient care responsibilities).

78 Stat. 909.  
42 USC 296a.

“(G) Projects to provide in-service or other training and education to upgrade the skills of licensed vocational or licensed practical nurses, nursing assistants, and aides, and other paraprofessional nursing personnel.

“(H) Projects to increase admissions to, and enrollment and retention in, such schools of qualified individuals who, due to socioeconomic factors, are financially or educationally disadvantaged.

On-site inspections.

“(2) The Secretary may make on-site inspections of any school, or require the supplying of information or data from any school, receiving a grant under subsection (a) to determine the extent to which such school is carrying out the specific projects required to be included in the plan submitted by such school (pursuant to paragraph (1)) in connection with its application for such grant.

Reports to congressional committees.

“(3) The Secretary shall submit to the Committee on Labor and Public Welfare of the Senate and the Committee on Interstate and Foreign Commerce of the House of Representatives two reports containing full and complete information as to the extent to which schools receiving grants under subsection (a) are carrying out the specific projects included in plans submitted by them pursuant to paragraph (1). The first such report shall be submitted not later than January 1, 1973, and the second such report shall be submitted not later than September 1, 1974.

“(g) ENROLLMENT AND GRADUATION DETERMINATIONS.—

“(1) For purposes of this part and part D, regulations of the Secretary shall include provisions relating to determination of the number of students enrolled in a school, or in a particular year-class in a school, or the number of graduates, as the case may be, on the basis of estimates or on the basis of the number of students who were enrolled in a school, or in a particular year-class in a school, or were graduates, in an earlier year, as the case may be, or on such basis as he deems appropriate for making such determination, and shall include methods of making such determination when a school or a year-class was not in existence in an earlier year at a school.

“Full-time students.”

“(2) For purposes of this part and part D, the term ‘full-time students’ (whether such term is used by itself or in connection with a particular year-class) means students pursuing a full-time course of study in an accredited program in a school of nursing.

“(h) APPLICATIONS FOR NEW SCHOOLS.—In the case of a new school of nursing which applies for a grant under this section in the fiscal year preceding the fiscal year in which it will admit its first class, the enrollment for purposes of subsection (a) shall be the number of full-time students which the Secretary determines, on the basis of assurances provided by the school, will be enrolled in the school, in the fiscal year after the fiscal year in which the grant is made.

“(i) AUTHORIZATION OF APPROPRIATIONS.—

“(1) There are authorized to be appropriated \$78,000,000 for the fiscal year ending June 30, 1972, \$82,000,000 for the fiscal year ending June 30, 1973, and \$88,000,000 for the fiscal year ending June 30, 1974, for grants under this section.

“SEC. 810. (a) The Secretary may make grants to any public or non-profit private entity to assist in meeting the costs of planning, developing, or initiating new programs of nurse training. In considering applications for grants under this section, the Secretary shall take into account—

“(1) the number of students proposed to be enrolled in such program, and

“(2) the other resources available to such program.

“(b) The Secretary shall give special consideration to each application for grant assistance under this section for a new program of nurse training which contains or is reasonably supported by assurances that, because of the use that the program will make of existing facilities (including Federal medical facilities), it will be able to accelerate the date on which it will begin its teaching program.

“(c) The amount of any grant under this section shall be determined by the Secretary, but in no event may any grant exceed \$100,000 for any fiscal year. Payments under such grants may be made in advance or by way of reimbursement, and at such intervals and on such conditions, as the Secretary finds necessary.
